A BOOK which every Lady should have .-LADIES COMPLETE GUIDE

CROCHET AND FANCY KNIPTING. By. Mrs. ANN S. STEPHENS.

Copiously illustrated with original and very choice designs in Crochet, &c., printed in colors, separate from the letter-press, on tinted paper. Also, with numerous wood-cuts, printed with the letter press, explanatory of terms, &c. 117 pages. Cloth gilt. Price 15 cents.

This is by far the bost work on the subject of Crochet yet published. There are plenty of other books containing Croshet patterns, but the difficulty is, they do not have the necessary instructions how to work them, and are, therefore, useless. This work however, supplies this much-felt and glar-ing deficiency, and has the terms in Crochet so clearly explained that any pattern, however difficult, may be worked with case. This is also the cheapest book on this subject that has been issued, and is therefore within the reach of all those who desire

THE LADIES COMPLETE GUIDE TO CROCHEP is handsomely got up, and bound in a blue gilt binding, suitable for the center-table. If you want to send a present to a lady it

VENINGS WITH THE ROMANISTS:

With an introductory Chapter on the Moral Results of the Romish System. By the Rev. M. Hobert seymour, M. A.; with an introductory Notice by Stephen H. Tyng, D. D. Extract frem Dr. Tyng's Prefuce.

"The present work will be found deeply interesting and eminently practical. It brings forward the argument between Scripture truth and Romes in a clear and well adapted form. The symplicity of style, and the fertility of illustration which distinguish it, will carry it home to every conscience and heart. It will be a valuable weapon for the warfare on our unconquered, and we believe unconquerable soil. It will furnish information and strength to many minds, and leaf many, in their private condict, in victory out from Sabylom.

It is universally acknowledged by these acquainted with her
listery, that the Fuppess Catherine II, wast ne of the most remarkable women that ever lived. The smalls ofher life and
reign are crowded with striking it eldents, with nowel adventures, with wenderful displays of talent, heroism and pseudon;
and yet, there exists no work in our language of an accessible
form, in which they may be found. Under these circumstances,
the author of this work supposed that a neeful tithe remained
unfilled in the historical iterature of the day, which might be
appropriated to advantage.

ISORA'S CHILD-And the voice of the Press SORA'S CHILD—And the voice of the Press.

"In Isora's Child we recognize the pure womanly nature
which has made the letters of Madame Sevigne immortal, and
kept nive the memory of Lady Morgan. The story of Isora's
Child is rather complicated, but it a clearly and dramatically
developed, and, as the shords of interest are untwisted the
mind of the reader is kept continually enchained. The scene is
aid both at the North and the South and all the names, indidents and local scenery are purely American asso home-like,
We should think that Isora's Child will prove as great a favorite
with men as with women for all literature that is a geautine set
with men as with women for all literature that is a geautine and
sexes alike. It is said that the author of Isora's Child is a
sister of the Hon. Rafus Cheste, and Mr. Choste may, hereafter,
be proud to be known as the brother of a rifted authorese."
